

Express Water Skid Recommended for 1-Ton Truck or Larger

The Express Water Skid Sprayer is designed as an all-in-one system that allows you to transport water where you need it most. With pressurized spraying, this multi-purpose sprayer can be used for a wide variety of functions. Able to fit in-between the wheel wells of most full sized pick up trucks or for use with UTVs, the Express Water Skid can take water almost anywhere.

Use the Express Water Skid for dust suppression, construction, fire suppression, managing controlled burns, washing equipment, spraying vegetation, or transporting water. Fully equipped with the Honda Engine, pump, hand crank swivel reel, spray gun and hose, you'll be ready to tackle any job, no matter how remote.

Features and Benefits

Features
